

<b>Town of Wellfleet Snow Plow List 2009 - 2010</b>			
<p>The following roads will be plowed this winter, barring any road hazards or safety concerns that would jeopardize personnel or equipment. Scheduling of plowing or sanding, both during and after a storm, shall be determined by the DPW. Historically, dirt roads have been plowed after a significant snowfall. As always, the DPW will respond to any emergency for the purpose of snow removal or other situations as determined by the police or fire departments. This list will be reassessed annually, depending on road conditions and available funding.</p>
